SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, February 15th, there being present Jos. M. Francis, presiding, Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

Archer Kincaid, attorney for the petitioners, presented a resolution fixing Saturday, March 13th as the date on which the electors of San Carlos, Belmont and San Mateo Precinct No. 10 of the Second Supervisor district will vote on the question of prohibiting the sale of intoxicating liquor in that district, outside of the incorporated cities.

The resolution was adopted on motion of Brown, seconded by Thompson.

L. B. Jones, supervisor of the work of exterminating squirrels, reported that an expense of \$44.20 had been incurred during January.

Mary Rele' of Colma, the mother of two half orphan children, and Nono Smalridge of Burlingame, the mother of four half orphan children, were recommended for State aid at the fixed amount of \$6.25 monthly for each child.

Rachael Dean of South San Francisco, aged 70 years, and M. Ramirez, of Redwood City, aged 75 years, were each granted the usual monthly allowance of \$8 from the indigent fund.

Reports were received from Motorcycle Officers Brown, Logan and Vallejo and ordered filed.

Coroner Plymire rendered a report, properly certified, showing the disposition that had been made of the effects of certain deceased persons.

James R. Eubanks, superintendent of the County Farm and Hospital, presented a detailed report of the cost of that institution for the month of January of the present year, which showed the average cost per inmate to be \$16.75.

It was ordered that copies of the report be made for each of the supervisors.

Notice was received from the Santa Cruz Portland Cement Company to the effect that Wrightson Anderson and Yost, county road contractors, were indebted to that firm in the amount of \$18,988.81. The notice was filed.

School Superintendent Cloud addressed the board, stating that on the 25th instant, San Mateo county day at the San Francisco Exposition, it was desired to have a large county attendance, particularly of the school children, to whom the exposition would be a valuable object lesson. He asked that the board make an appropriation from the Exposition fund, to pay the expenses of the poor children who might not otherwise be able to attend. The teachers would accompany their charges and care for them. He estimated the cost of sending the children at \$1000.

All of the supervisors were in favor of making the appropriation, provided it could be apportioned by the exposition Commission, but none favored the early date of the county's day, preferring to wait until May.

The Superintendent was authorized to take the matter up with the commission.

Mrs. Ida J. Sears gave notice that Mahoney Bros., contractors on the La Honda road, were indebted to her in the sum of \$25. The notice was ordered filed.

Clerk Nash stated that his office was in need of additional document files, for the installation of which he had received a bid from Carlisle & Company of \$684.

The contract was awarded to Carlisle on motion of MacBain, seconded by Casey.

A deed was received from M. F. Bishop for right of way on the La Honda road at a cost of \$2410, he to build the line fence.

The deed was accepted on motion of MacBain, seconded by Casey.

A resolution authorizing the District Attorney to proceed to condemn and otherwise secure rights of way for the construction of the State Highway from Beresford to Redwood City, was adopted on motion of Brown, seconded by MacBain.

A communication was received from the State Industrial Accident Commission, notifying the board to report promptly all accidents to county employees.

The communication was referred to the District Attorney, at whose request the board agreed to meet in executive session for its discussion.

Official notice was received from the management of the San Francisco Exposition to the effect that San Mateo county's day would be on the 25th instant, on which date it was assured, the county will be accorded the fullest recognition for the important part it has taken in making the great exposition possible.

A communication was received from the Peninsula Industrial Association, asking that the sum of \$50 monthly be appropriated from the County Advertising fund to assist in carrying on the association's work of making known the advantages of the peninsula as a residence place.

Mr. McGilligan, the manager of

the Peninsula Association, which is composed of the prominent realty dealers, said that the association is now spending \$150 monthly in the employment of a manager and magazine space of the value of \$7500.

The appropriation was made on motion of MacBain, seconded by Casey.

The Pacific Coast Casualty Company of San Francisco gave notice that the employees of Clark and Henery, the contractors, are fully protected in that company.

The District Attorney stated that the A. L. Young Company was willing to compromise its claim of \$2600 for culvert pipe for \$1800, as some of the pipe, which had been purchased for use in the Fifth district, had been used and some returned.

It was ordered on motion of MacBain, seconded by Casey, that the claim be allowed for that amount.

A petition signed by citizens of San Bruno Park, asking for an additional light at that place was referred to the District Attorney.

A resolution was adopted on motion of Brown, seconded by Thompson, declaring the board's intention to call an election, at which the question of excluding certain territory of the City of Burlingame will be voted on, and fixing March 1st as the time at which protests will be heard by the board against such election.

On motion of Casey, seconded by MacBain, Auditor Shields was authorized to attend the Auditors' State Convention at Paso Robles on the 17th instant, his expenses to be a charge against the county.

Paul T. Fratessa, representing Mahoney Bros., the contractors, addressed the board in reference to the claim of that company for work on the new La Honda road which is disputed by the Surveyor.

The matter was laid over for two weeks with the hope of a settlement in the meantime.

It was ordered on motion of Brown, seconded by Thompson, that the Surveyor supply data to the District Attorney for the preparation of an ordinance regulating the tonnage that may be

hailed over the county roads.

On motion of Brown, seconded by Casey, Tax Collector McSweeney was authorized to attend the Tax Collectors' State Convention on the 23d instant at San Diego, his expenses to be paid by the county.

Plans and specifications for the following roads were presented by Surveyor Neuman and regularly adopted:

First Road District—Colma to Halfmoon Bay road, from Edgemar to San Pedro, 26,625 feet, oiled macadam pavement, 16 feet wide.

Second Road District—Belmont to Crystal Springs road, from Reid's school to intersection of old road, 12,202 feet, oiled macadam, 16 feet wide.

Fourth Road District—Colma to Halfmoon Bay road, from Martini creek to Montara, 4847 feet, oiled macadam, 16 feet wide.

Fifth Road District—Redwood City to San Gregorio road, from first to second crossing of San Gregorio creek, 7708 feet, to be graded and paved with gravel macadam, 14 feet wide.

It was ordered, on motion of Brown, seconded by Thompson, that Hess & Benson complete their contract to construct the Belmont road by March 15th.

The appointment of a County Horticultural Commissioner was taken up.

MacBain nominated Newton Peck and Brown nominated Frank L. Hutchinson. A vote by ballot was taken and Hutchinson received one vote and Peck four votes. Peck was declared elected. It was stipulated that he is to work not more than three days each week.

The contract to supply tobacco to inmates of the County Hospital, heretofore awarded to J. R. Keating of San Mateo, was changed to Mrs. J. R. Keating, his wife, the former having been declared incompetent.

Copyright, 1915, by the Panama-Pacific International Exposition.

Immediately following the San Mateo County Dedication Day ceremonies at the Panama-Pacific International Exposition next Thursday, the greatest artists and builders of the world will be called into the Court of Universe, just in front of the Arch of the Rising Sun, to accept the honor of the Exposition for its builders. The Arch of the Rising Sun is 150 feet high and is surmounted by heroic sculpture representing the nations of the earth.

The San Mateo County delegation will be escorted by the United States Marines and Bands through the various courts to the California building.

The announcement that San Mateo County will have a Violet Day has keyed prospective visitors to fever pitch and the announcement that several thousand bunches of violets would be given away has been met incredulity in the east where the violet is exchanged for mortgages on homes.

UNCLE BILLY.

In Memory of William E. Davis.

You are camped with the angels, Billy, To-night, on eternity's trail, That leads away over the mountains, Where hearts most courageous fail.

Farewell and a hand-shake, Billy— We are just behind on the trail, Around the next spur of the mountain, We'll hear your friendly hail.

So wait for us patiently, Billy, Out there where night's candle-shine Another turn in life's journey, We'll over the mountain line.

O, then we'll be through, Uncle Billy, They'll lay us away in the sod— Again we'll be chums and companions, On the trail that leads to God.

Will Talk on Bird Life.

Chase Littlejohn will address the students of Brewer's school at San Mateo on bird life next Tuesday afternoon. All his lectures are interesting and instructive and are much in demand by the school authorities.

Sunday evening at the 7:30 service at the Methodist church will be given the second of a series of sermons on the Bible. The subject this week is, "Why I Believe the Bible." The Palo Alto Glee Club will sing three times during the service.

WALKS AND CURBS FOR COUNTY ROAD

Council Approves Preliminary Plans for Much Discussed Street Improvement

With Trustee Haher as the only absentee, the city council held a rather interesting meeting Monday evening, several matters of more than common interest coming up for discussion. Undoubtedly the most important of these was the reaching of a determination to proceed with the least possible delay in the adoption of preliminary legal proceedings for the ordering of the construction of concrete curbs and sidewalks on both sides of the County Road under the provisions of the street improvement laws.

In accordance with instructions given at the previous meeting, plans for this work, prepared by City Engineer H. H. Sears, were presented, showing the improvements necessary to be made from Rogers street to the southern city limits. Much time was devoted by the trustees present to a careful study of the plans and discussion of the extra work to be done, during which many of the details were fully explained by Trustee Tuchen, chairman of the street committee, who evidently had given the subject much consideration. During this discussion the important point was made by Trustee Tuchen that a careful study of existing conditions by the City Engineer had developed the fact that ample provision was possible for the disposition of ordinary storm waters without material, if any, changes in existing curbs. This information was received with evidence of pleasure, as relieving some anticipated difficulties. With the plan as outlined practically approved, it was determined that the preliminary steps should be completed with as little delay as possible in order that actual work might be commenced with the opening of a favorable season. With this end in view, City Attorney Mansfield was directed to prepare the preliminary resolutions of intention for action at the next regular meeting of the council, which will be held March 1st. As the adoption of these resolutions will preclude changes of any character in the work outlined, it will be necessary for property owners interested who contemplate doing the required work by private contract, to complete their arrangements and notify City Attorney Mansfield of the fact before that time in order that the property involved may be omitted from the proceedings as it is improbable that changes will be allowed after that date.

The regular monthly reports of the city officers and employees were presented and approved. The report of the plumbing inspector showed that but three inspections had been made during the month, the work being approved in each case.

The reports of City Clerk Plump and Marshal Coleman showed the receipts of the city for the month to have amounted to a total of \$1,298.87, divided among the various sources as follows:

Water collections	\$875.60
Water connections	45.00
Plumber's fees	15.50
Sewer connections	10.00
Dog licenses	8.00
Miscellaneous licenses	60.00
Rent of light poles	148.75
Taxes, etc.	28.95
Improvement Dist.	107.07

City Treasurer Towne reported the general fund of the city to be overdrawn to the extent of \$1216.50, while the other funds showed credit balances as follows: Water, \$2206; Library, \$1729; Park, \$387.

Acting upon a report of City Attorney Mansfield that he had been unable to secure a settlement of the claim of the city against Chambers & Henefey, sewer contractors, for water used in construction work on their work in the western portion of the city, Clerk Plump was directed to cite the firm to appear before the council at its next meeting and explain their failure to liquidate.

A request of the Moxey Realty Company for the approval of a map of their subdivision of Block 23 of the Woodson, Whittier & Montgomery subdivision was laid over until the next meeting, in accordance with the general rule in such cases.

City Attorney Mansfield submitted a map of a proposed assessment district for the extension of Oakdale avenue from the Redwood Highlands through Wellesley Park. After some few slight changes in the boundary lines, the district outlined, the map was approved.

Replying to a statement of Chairman Merrill that he had heard frequent complaint of the condition of portions of Jefferson avenue, Chairman Tuchen of the street committee reported that the trouble had already received consideration and that necessary repairs were now under way. With the reception of this report it was deemed unnecessary to take official action.

Street Superintendent Dickey reported that he had found the bridge on Maple street near the tracks of the Southern Pacific railway to be in a dangerous condition, owing to the undermining of the foundations and in the interest of public safety had closed the bridge to all travel. The action of the street superintendent was approved and it is probable that the bridge will remain closed for some time.

Dyer for damages in the sum of \$10,000 for injuries sustained by Margaret Kraus on August 16, 1914 by being thrown from an automobile operated by defendant. The complaint alleges that on that date the plaintiffs were seated in an automobile driven and operated by Dyer. They were motoring on the Halfmoon Bay road and when near the Spring Valley Lakes Dyer left the middle of the road and drove into a soft filling on the side of the highway, overturning the machine, throwing out Mrs. Kraus, severely injuring her.
